

Alain Wagner
Born August 7th, 1964
French nationality
Married, 1 child

Faculty of Pharmacy
Laboratory of BioFunctional Chemistry
UMR 7199 - CAMB,
74 Route du Rhin, - F 67400 Illkirch
Tel: +33 3 68 85 42 97
Cell: +33 6 74 39 68 31
E-mail: alwag@unistra.fr
www.biofunctional.eu

2021 Co-Founder & scientific director of the Start-Up MicroOmiX SAS
2014 Co-Founder & scientific advisor of the Start-Up Syndivia SAS
2011 Research Director First Class
2009 Co-Founder of the Start-Up eNovalys SAS
2007 Return to CNRS: Head of Laboratory of Laboratory of Biofunctional Chemistry
2002 Co-Founder of the company PhytoDia SAS

2002-2008

On sabbatical leave from CNRS

Founder & CEO of Novalyst Discovery S.A.S.

2001 Promoted Research Director at CNRS
2001 Accreditation to supervise PhDs (Habilitation)
1994 Enter CNRS as a research associate, 1st Class
1991 - 1994 Post-doctoral fellow: Affymax Research Institute, Palo-Viola, California
Under the direction of Prof. P. G. Schultz
Catalytic antibodies for the enantio-selective reduction of γ - ketoesters
1988 - 1991 PhD thesis at the University Louis Pasteur of Strasbourg
Under the direction of Dr. C. Mioskowski
Study of organo-phosphorus reagents: application to organic synthesis
1988 Master of Organic Chemistry University Louis Pasteur of Strasbourg

Publications			
Total	160+	Citations	5292
H Factor	38	I10	124

Patent / Valorization			
Total	27	Start-up created	5
Licensed patents	12	Number of Startups created	170+

Conferences			
Total	100+	Invited International conferences	30+
		Invited National Conferences	40+
Between 2004 and 2007 about twenty lectures were given at various industrial research centers in France and foreign industry to present the technologies, as well as the services, offered by Novalyst Discovery			

PhD Supervision	
Direction	36
Co-Directions	13
Currently ongoing	9

Research Contracts and Grants			
	Total	Ongoing	Examples
Industrial	18	2	Sanofi Aventis, Chanel Parfum Beauté, Pierre Fabre
National (ANR, Tech transfer)	13	7	Consortium Nanorings-imaging, Click and Release, DrugUp
EuropeanITN	4	1	BioChemLig , TACT

Distinctions	
2002	Awardee of the "creation of innovative company" contest for the Novalyst project
2003	Awardee of the Alsace Biovalley Cluster for innovative biotechnologies start-ups prize
2007	Awardee of the "creation of innovative company" contest for the eNovalys project
2008	Prize INPI of Valorization
2015	Awardee of the MATURATION & ACCELERATING TRANSLATION WITH INDUSTRY (MATWIN) national contest for the development of a non-internalizing ADC technology
2016	French Therapeutic Chemistry Society– Pierre Fabre Award for Therapeutic Innovation
2021	Sequens award of the French Academy of Science
2021	Berthelot Medal of the French Academy of Science

Various commitments	
2022 - ...	Member of the National Comity of CNRS: Environement and society, from knowledge to action
2020 - ...	Member of the board of director of the Institut du Médicament de Strasbourg
2014 - 2020	Deputy-director of LabEx MEDALIS
2013 -	Scientific advisory board of INOVIEM Scientific
2012 - 2015	Vice-Director of LCAMB UMR 7199
2011 -	Member du scientific advisory board of the French Society of Therapeutic Chemistry. Thérapeuthique
2007 - 2013	Member of the National Comity of CNRS: Chemistry and Life
2009 - 2013	Scientific consultant at eNovalys
